**INTERIM FINANCIAL REPORT  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2010**

## DIRECTORS' REPORT

Your directors submit the financial statements of the economic entity for the half-year ended 31 December 2010.

### Directors

The names of directors who held office during or since the end of the half-year:

<b>Mr. Timothy J Moore</b>	Chairman
<b>Mr. Richard Daniell</b>	Director
<b>Mr. Glenn Parker</b>	Director
<b>Mr. John Richards</b>	Director : Appointed 14 <sup>th</sup> February, 2011

### Review of Operations

Net results for the six months amounted to a loss of \$124,397 attributable to the members compared to a loss of \$146,771 for the same period last year.

The 100% owned Lyndon gold, silver and copper prospects are located in the Gascoyne Region of Western Australia approximately 300km northeast of Carnarvon. Four contiguous tenements ( 3 granted, 1 application) of 652 square kilometres contain a cluster of high grade workings dating back to the 1950's.

The Lyndon Bettina Gold Mine initial drilling program in the first half year has delivered up to 40g/t high grade gold at the shallow depth of 50 metres with three main veins of up to 4 metres in width making the discovery a target for a potential economical shallow open pit gold mine.

Drilling has also discovered gold mineralisation at the Broken Thumb and Thirty Bob Well prospects with significant copper at Broken Thumb. These gold and copper grades show that there are two additional mineralised prospects in addition to Lyndon Bettina on the Lyndon tenements.

### The Future

With the positive results from drilling under the Lyndon Bettina north pit the Board has advised shareholders that a further drill program is planned to prove up the length and depth of the three vein systems at Lyndon. In addition to high grades up to 40g/t at 50 metres depth with three main veins of up to 4 metres in width, we believe that these veins or lodes are open at depth over 70 metres to the south and south east and that the high grades persist from the surface samples of 46.5 g/t and 35 g/t.

The decision has been taken by the Board to firstly conduct surface and downhole electrical geophysics in the area and surrounds of the north and south pits at Lyndon Gold Mine with the intention of defining further drilling targets. Following these tests it is the intention to further drill the Lyndon Bettina prospect to the south and southeast to prove up further extensions to the length and depth of the veins and, ultimately, mineral resources to JORC standards. The Board believes that the Lyndon Bettina mine has the potential to become an economic shallow open pit and a high grade underground gold mine and accordingly will conduct further chemical analysis of the drilling samples and initial metallurgical test work to investigate methods to recover the gold.

**INDEPENDENT AUDITORS REVIEW REPORT  
TO THE MEMBERS OF  
INTEGRATED RESOURCES GROUP LIMITED**

**Scope**

We have reviewed the accompanying half-year financial report of Integrated Resources Group Limited, which comprises the condensed statement of financial position as at 31 December 2010, the condensed statement of comprehensive income, the condensed statement of changes in equity and the condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors declaration.

**Directors' responsibility for the half-year financial report**

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

**Auditors Responsibility**

Our responsibility is to express a conclusion on the half-yearly financial report based on our review. We conducted our review in accordance with Auditing Standard on review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporation Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2010 and its performance for the half-year ended on that date; and complying with Accounting Standards AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*. As auditor of Integrated Resources Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-yearly report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

**Independence**

In conducting our review, we complied with the independence requirements of the Corporations Act 2001.

We confirm that the independence declaration required by the corporations Act 2001, which has been given to the directors of Integrated Resources Group Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

For personal use only

**Conclusion**

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Integrated Resources Group Limited is not in accordance with the Corporations Act 2001, including:

- i) giving a true and fair view of the company's financial position at 31 December 2010 and of its performance for the half-year ended on that date; and
- ii) complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
